Program and Enrollment

Starting in 2019, CTI runs a two-year philosophy program and a four-year theology program. A student must have previously completed philosophical studies or a religious studies program with a philosophy component in order to be eligible for the theology program. Starting in 2021, CTI is offering a Bachelor in Christian Studies which is about two years of philosophical studies with two years of theological studies and the writing of a research paper. This award is especially designed for external students

The philosophy program can be completed at a higher or lower level, depending on the ability and interest of the student. All students start out taking the Diploma in Philosophy and then may move into the Diploma in Philosophical Studies in the second year. The theology program is offered at three different levels. The Dean will enroll the student at one of the levels depending on the ability and interest of the student. A student must have completed our Diploma in Philosophy or a similarly rigorous program in order to be eligible for the Bachelor in Sacred Theology.

CTI is registered with the PNG Department of Higher Education, Research, Science, and Technology (DHERST). Its academic programs are accredited with DHERST. CTI is also in the process of affiliating with the Pontifical and Royal University of Santo Tomas (UST) in the Philippines. Once affiliation is complete, the Bachelor in Sacred Theology will be co-awarded by CTI and UST to Catholic students. Non-Catholic students who complete the requirement for the STB will receive a Bachelor of Theology – Research.
